Taxis

Taxi fares are based on a trip meter rate of \$3.00 per mile, which includes up to two (2) passengers. There is a minimum fee of \$17.00. The customer will pay the minimum, or the fee displayed on the meter at the end of the trip (whichever is the greater amount). Additional passengers are \$7.00 per passenger per trip.

There are no other additional fees associated with your metered taxi trip. In the event that a driver fails to "turn on" the meter, there will be no charge to the customer.

Taxis are available in front of the terminal building, outside of baggage claim.

Taxis are dispatched upon demand of the passenger or group a specific destination or destinations based on customer(s) transportation need.

Downtown Shuttle

A shuttle is available to destinations in Downtown Charleston. The fare for the Downtown Shuttle is \$15.00 per passenger and departs within fifteen minutes. The shuttle is a shared ride and may make several stops, depending on the number of passengers.

Parties With Multiple Destinations

Customer's traveling together having different destinations will be responsible for whatever the meter reads once taxi reaches final destination point. It will be up to the customer to decide how the fare will be split before beginning trip.
